**DATE:** May 31, 2019

**TO:** Honorable Board of Supervisors  
Jeffrey V. Smith, County Executive

**FROM:** Martha Wapenski, Deputy County Executive

**SUBJECT:** Notice of Extension for Report-Back Related to Evaluation of Parenting Programs at Elmwood, Main Jail, and the Reentry Resource Center

On December 18, 2018 (Item No. 20), the Board of Supervisors requested a report from the Office of the County Executive and the Office of the Sheriff relating to an inventory and evaluation of parenting programs at Elmwood Correctional Complex, Main Jail Complex, and the Reentry Resource Center. A report-back was provided to the Board on April 23, 2019, and that item was held by the Board until June 4, 2019 because input from the Sheriff's Office was not yet available. The Administration has determined that additional time is needed in order to be responsive to the Board's questions, and is requesting an extension to the late Summer or early Fall 2019 for the following reasons:

- The Office of Reentry Services is working to have new parenting contracts starting July 1, 2019 and anticipates that more information will be available after the contractors begin work.
- Information is being gathered on a collaborative effort between Pretrial Services, Public Defender's Office, and First 5 on work with incarcerated parents, their children, and those providing care for them. This information will be included in the next report to the Board.
- The Sheriff's Office is working to release a Request for Proposals (RFP) for parenting classes in custody, which is anticipated to be released in June 2019, with review of the proposals in July, negotiations and award in August, and services starting in September 2019. It is expected that following the RFP process, there will be more information that is responsive to the Board's request. The Sheriff's Office has provided the below inventory of parenting classes offered to inmates in the County's custody, which could change upon conclusion

of the RFP process described above. The Sheriff's Office indicates that new program contracts will emphasize trauma based practices and will contain evidence-based evaluation and reporting requirements.

- PACT Parenting
- DA Parent Project
- FIRST 5
- Family Wellness
- 3Rs Parenting

Also attached is a list of in-custody programs provided by the Sheriff's Office.
